73 - 11974 thru 73 - 11977  
73 - 11981 thru 73 - 11999

The Idaho Department of Water Resources Preliminary Recommendation of Water Rights numbers 73 - 11978 thru 73 - 11980 were Missing.

Subsequently, the Preliminary Recommendation for the "High Water" which flows with the Water Right 73 - 90 and the Preliminary Recommendation for the "High Water" which flows with the Water Right 73 - 91 have been omitted.

On some of the Idaho Department of Water Resources Preliminary Recommendation of Water Rights, reference was made to "Prior Adjudication" :

- A) What was the Date of the Prior Adjudication ?
- B) Please furnish a Copy of the Prior Adjudication showing any applications and Water Rights for the Property.

Hubble Questionnaire sheets were requested by Idaho Department of Water Resources for some of the Water Right Claims.

- A) Has a Hubble Analysis been performed on Basin 73 ?  
If such analysis has been performed, what are the findings ?  
Please furnish a copy of the Hubble Analysis for Basin 73.
- B) If a Hubble Analysis has not been performed, why was  
Basin 73 omitted while others all were completed ?

Our Claims to Water which has been Historically and Traditionally used on our property should fall within the parameters of a Hubble Analysis for Basin 73.

Please feel free to contact me at any time concerning our Water rights.

Sincerely,
