SUBJECT: Amended Priority date for Water Right # 37-7746

To Whom It May Concern:

I personally first observed my father, Jay Cutright, sprinkling corn, alfalfa and pasture for his cattle in the summer of 1958.

He was using two pumps. One was pumping eastward and the other westward.

In looking at the older soil maps, I would estimate he was sprinkling 20 acres.

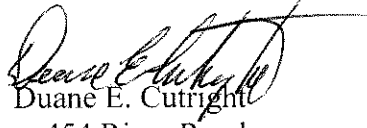

The old hard rubber pipe and bronze fittings can still be seen throughout much of the area.

See also the data submitted on February 27, 2006. N.B. the letter of Mr. Douglas Wood.

If further information is needed, please contact me at (208) 837-4045.

Thank you for your assistance.

Respectfully submitted,
