Existing ditch from Croy Creek - this ditch was in operation in 1987 when the claim was made and was diverted to the property when water from Croy Creek was available. Due to many bad years of drought there has not been a significant amount of water available in the ditch to be used at the property. In addition, property owners along this ditch has now filled the ditch in. Therefore, once this amended claim has been submitted it is the intention of the applicant to move the point of diversion to a location on their property where they can then divert the water with use of a booster pump into their system. See attached historical aerial photos showing past use of the ditch to the property.
