Competing claims for water rights 1-191 & 1-192

Date: 6/30/2005
To: File
From: mholliday
RE: Peoples, Wearyrick, and Watson Claims

Held a meeting today in my office to discuss the recommendations for the canal companies mentioned above. Meeting attendees included Alan Stander representing the Wearyrick, Merlin Morgan and Karl Williams representing the Watson Slough, Steve Murdock and Cliff Merrill representing the Peoples Canal, and Michael Holliday representing IDWR.

We talked briefly about the need for each company to get their map work completed. Then I showed them the spreadsheet I prepared comparing the claims with the water rights database. We also looked at the Water District 1 delivery records for these rights. The 1976 watermaster book has some notation regarding transfers from the Watson to the Peoples and to the Wearyrick, but records regarding these transfers are sketchy. The purpose of the meeting was to acquire additional data that might shed light on these unrecorded transfers and to come to a consensus about how the companies' claims should be recommended.

Merlin Morgan provided minutes from some of the old Watson Slough meetings and copies of a ledger showing stock shares which had been transferred to the Peoples Canal. Contained in the minutes were the names of several individuals who transferred water to the Peoples Canal, and W. W. Parson, who transferred 160 shares to the Wearyrick. The meeting attendees believed that the transfers described in the minutes were the owners of at least some of the unrecorded transfers. After a brief discussion of the evidence presented, all of the meeting attendees agreed that the recommendations should be made consistent with the Water District 1 delivery records.

mwh

of the 2 companies together with the Secretary we authorized to meet with the commissioners on April 16. and sign the said agreement. The presidents of the 2 companies were then ordered by the boards to answer summons served on them by the Fall River Irrigation Co. to change the date of their decree.

The committee appointed to look over the canal then made known what repairs were needed and the water master was ordered to proceed to make the needed repairs.

The secretary was then ordered to write 3 letters, one to the State Engineer, one to the Secretary of Peoples Canal Co and the other to former President J. L. Van Alden protesting against the transfer of certain Capital stock that was transferred to Peoples canal as follows:

40 shares by J. L. Van Alden

40 Shares by P. E. Van Alden

25 shares by Carl C. W. Behler

25 shares by F. G. Weiland.

The report of the committee selected to wait on an attorney for the purpose of consolidating the 2 companies was given by J. R. Williams and it was decided to leave the companies as they are and amend the bylaws to reduce the boards to 3 members in each company and make the date of annual meeting on the same day.

Motion to adjourn carried

Niels Anderson Sec.

Directors Present of Ditch Company

J. A. Broadhead, Ed Parson, Olaf Larson, L. H.

Minutes of joint Directors of W. S. Ditch Co. and W. S. Irr. Co. held Oct 27 1920 and School Dist no 12. President J. A. Broadhead presided.
