1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Source and point of diversion

2. Describe the changes you wish to make in the proposed recommendation:

Source = waste water
POD = T015 R02W Sec 6 SENE

3. Give a brief explanation as to why you disagree with these portions:

Water right 63-361 overlaps 63-9807. The source for 63-361 is Grouch Drain. The irrigation system collects waste water from the other fields that get lifted onto the field identified in 63-9807

☐ I AGREE with this proposed recommendation: no changes need to be made.
