1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

Quantity - Period of use, place of use.

2. Describe the changes you wish to make in the proposed recommendation:

*we would like to use the water from 4-1 to 11-15.
we water 225 acres (not 140 acres). All 225 acres have
been irrigated for several decades with existing ditches.*

3. Give a brief explanation as to why you disagree with these portions:

*This Ranch is 100% Flood irrigated - The soil is
rocky and the points of diversion are 3/4 mile above
the ranch. Therefore all of the existing water rights are
top of the property.*

☒ I AGREE with this proposed recommendation: no changes need to be made.

TO: Danni Smith

FROM: Mark Brown (Jim Cain – Northwest Fidelity Trust)

SUBJECT: Water Rights information

MESSAGE: Dear Danni:

Please find attached all of the water rights information on Northwest Fidelity Trust on Big Creek in the Pahsimeroi Valley.

I apologize for the delay however as I mentioned on the telephone the other day, Roxanne inadvertently mail part of our information to Kent Foster in Idaho Falls. I met with Roxanne in May and she told me what happened and she mentioned she would e-mail the proper documents and through her travel and spending less time with the IDWR she forgot. I finally received the information from Kent Foster and now all of the documents are completed and attached.

I am sorry for the delay. If you need to verify the details, please get in touch with Roxanne. I do appreciate your assistance and I look forward to meeting you next time I am in Boise.

If you have any questions please feel free to contact me on behalf of the Trust.
208 726 4005.

Thanking you in advance.

Sincerely P.S. I also attached two high water rights request suggested by Roxanne, one for the Trust and one for Robert Dreyer. We are on the exact same diversions on the original ranch which was split years ago.
