DISTRICT COURT-SRBA
TWIN FALLS CO., IDAHO

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE
STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA) Subcase 63-05227
Case No. 39576) SPECIAL MASTER'S REPORT
_____)

A notice of claim was filed for the above-captioned water right pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water resources examined the water system for this reporting area. The *Director's Report* contained a recommendation or abstract for the elements of this water right.

On April 21, 2006, the Ada County Drainage District No. 2, by and through its attorneys Ringert Clark Chartered, filed an objection to the *Director's Report*. On July 18, 2006, the objector filed a *Withdrawal of Objection*. Accordingly, there are no outstanding objections to the *Director's Report* for this water right claim.

Therefore based on the file and record herein, IT IS RECOMMENDED that the above-captioned subcase proceed through the SRBA along with all other water right claims in Basin 63 Part II to which no objection has been filed. The Clerk of the Court is instructed to recode the subcase in the Court's computerized register of action (IWATRS) to reflect this status (status code 98).

Dated August 14, 2006.

CONVERSATION MEMORANDUM

RE: Snake River Basin Adjudication Water Right Nos. A63-5224, A63-5226, A63-5227, A63-5229, & A63-8663 Preliminary Recommendations

November 18, 2005

Mike Chase, son of Eleanor Chase, came into the Western Region office after receiving the *Notice of Error* packet for the claims listed above. Regarding:

63-5224: Mr. Chase did not have any disagreement with the Preliminary Recommendation for this claim.

63-5226: As a result of the changes made to 63-5227, -5229, and -8663, the shape of the commercial dairy will change accordingly.

63-5227: Mr. Chase agreed with the location of the POD, but disagreed with the 10 acres that I recommended. Mr. Chase believed that the shape depicting the irrigated acres was too small, so I made a copy of one of his Tract #2846 map from his personal documents and had him draw an outline of the place of use with a pink marker (see file). Using Mr. Chase's POU boundary drawing, the irrigated acres associated with this claim equaled 12.0 acres. I then changed the diversion rate to 0.24 cfs based on the maximum 0.02 cfs/acre.

63-5229: Mr. Chase questioned the recommendation of 0.13 cfs. After showing him Darwin VanderStelt's Field Report, Mr. Chase said that Mr. VanderStelt's calculations were done for the capacity of the commercial dairy. Mr. Chase pointed out that the well associated with this claim is actually the "small irrigation well" and that Mr. VanderStelt mistakenly applied calculations for the wrong well. Mr. Chase showed me a document in which ERO Resources Corp. calculated the capacity of the small irrigation well at 0.5 cfs (see copy of pertinent pages in file). Based on the increase of the recommended 10.0 irrigated acres to 12.0 acres, I changed the diversion rate to 0.24 cfs.

63-8336: Mr. Chase disagreed with the POU shape for the SESE and SWSE, S5. Therefore, I printed out a 2003 NAPP image of both quarter-quarters and had him draw what he felt the boundaries should be with a pink marker (see file). I then changed the POU boundaries to match his drawings.

CONVERSATION MEMORANDUM

RE: Snake River Basin Adjudication Water Right Nos. A63-5224, -5227, -5229

September 22, 2005

Dave Tuthill called me this afternoon after speaking with Mike Chase, Eleanor Chase's son. After Mr. Tuthill's conversation with Mr. Chase, Mr. Tuthill instructed me on how to recommend the various Chase claims. After pulling these three files and answering a range of Mr. Tuthill's questions of what was contained in each of the files, Mr. Tuthill gave me these recommendations:

Regarding 63-5224: Mr. Tuthill instructed me to recommend the claimed priority date of 1872 and to recommend no more than ½ acre for domestic purposes.

Regarding 63-5227: Mr. Tuthill stated that the priority date should be the year after the irrigation district that the Chases use first started up.

Regarding 63-5229 and the number of houses: In their previous conversation, Mr. Chase told Mr. Tuthill that there used to be an old house associated with this right, but that "it's long gone." In his conversation with me, Mr. Tuthill stated that he did not see domestic use as relative to this claim, even though it existed at one time. Therefore, based on this fact, Mr. Tuthill said that we cannot recommend domestic use for this claim. In addition, Mr. Tuthill also instructed me not to accept the affidavit supporting the claimed 1925 priority date. He informed me that the priority date should be the beginning of the irrigation season for 1927.

Mike Chase was present when I visited the farm, and he is the source of all the information used in my calculations.

This is a puzzlement because there is no diversion, no system to move the water that remains intact. There was a low area where the drainage water collected and there was a 2 hp pump which moved the water to the 20 acres. Actually the wastewater arrived on the farm in two places, and was rechanneled as necessary by gravity flow from the low area along the road, while the wastewater coming in the ditch further north was pumped to various head ditches on the 20 acres. There is no way to calculate flow now as it hasn't been used in a long time. I calculated the flow from the 2 hp transfer pump as .47, which is more than they claimed. The right is supplemental to the 63-05229, and may have been primary prior to that well being drilled. I didn't see any water in the ditches now, as the whole area is developing.

Mike is in a dispute with the City of Eagle over proximity of a new city well, and has hired a consultant. It's possible he may dispute my numbers.

The Intrepid pictures are fine, and I did not affix a new tag.

The entire estate of Elinore Chase is apparently not settled, and it was unclear to me who is currently in title to the property. The aerial photo and points of diversion appear to be correct.

CERTIFICATE

No. 114

WATER RESOURCES
WESTERN REGION

~~Whereas~~ Susan C. Richards, Widow of William Richards deceased, of Ada County, Idaho Territory

has deposited in the General Land Office of the United States a Certificate of the Register of the Land Office at Boise City, Idaho Territory, whereby it appears that full payment has been made by the said Susan C. Richards:

according to the provisions of the Act of Congress of the 22nd of April, 1820, entitled "An Act making further provision for the sale of the Public Lands," for the South East quarter of the South East quarter of Section five, the South half of the South West quarter, and the North East quarter of the South West quarter of Section four, in Township four North of Range one East, in the District of Lands subject to sale at Boise City, Idaho Territory, containing one hundred and sixty acres.

according to the Official Plat of the Survey of the said Lands, returned to the General Land Office by the Surveyor General, which said Tract has been purchased by the said Susan C. Richards.

Now know ye, That the United States of America, in consideration of the premises, and in conformity with the several Acts of Congress in such case made and provided, have given and granted, and by these presents do give and grant unto the said Susan C. Richards:

and to her heirs, the said Tract above described: To have and to hold the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto the said Susan C. Richards.

and to her heirs and assigns forever, subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local customs, laws, and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law.

In testimony whereof, J. Wilson S. Grant, President of the United States of America, has caused these letters to be made Patent, and the Seal of the General Land Office to be hereunto affixed.

Given under my hand, at the City of Washington, the Seventh day of August, in the year of our Lord one thousand eight hundred and Seventy Two, and of the Independence of the United States the Ninety Seventh.

BY THE PRESIDENT:

J. Wilson S. Grant

Re: SRBA Claims A63-05224, 05226, 05227, 05229

Dear Claimant(s):

I am the Deputy Attorney General assigned to represent the Idaho Department of Water Resources in Basin 63 in the Snake River Basin Adjudication.

The Department of Water Resources has previously contacted you regarding information on the priority date for the above SRBA claim. In order to make a positive recommendation of this water right, each element of the water right must be proven.

The Department plans to issue its Preliminary Recommendations on this water right later this year. If the Department does not receive all the necessary evidence for this claim, it will have no option but to recommend to the SRBA Court that this water right be disallowed, meaning that the water right will not be valid.

Please contact Kimberly Brown at the Western Regional Office for the Idaho Department of Water Resources at (208) 334-2190. If she does not hear from you by March 12, 2004, then your water right will be recommended as disallowed.

Very truly yours,

RE: EVIDENCE OF PRIORITY

Snake River Basin Claim No(s): A63-5224, A63-5226, A63-5227, & A63-5229

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date."**

It is important that each element of the Notice of Claim be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. Since it is our goal to decree the historical water rights within the Snake River Basin as accurately as possible, field exams are now being conducted by Department water resource agents to verify claims in this area.

The required evidence supporting the priority date(s) requested needs to be submitted by October 1, 2003. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated
