IDAHO DEPARTMENT OF WATER RESOURCES

BOISE, IDAHO

Dear Michael:

Thank you for working so patiently with me on the water rights for the ranch. I appreciate your willingness to reconsider the points of diversion for the water entering the property from the Pancheri drain. I am especially concerned about the source through the old Kendall property that has already been blocked by the pond on that property. This is of increased concern since a development company has purchased the property. Hopefully the rest of the rights will be ok as amended on the Pancheri drain. The rest of the rights seem to be ok as written. I will enclose a map of the rights we have discussed where I think is the best point of diversion and the reply forms sent to me by the adjudication authority. I hope this will not be too much of a hassle as I am sure you have enough on your plate as it is. If you have any questions I am available on my cell phone 510-847-8944 or my home phone at 510-655-6553 and my Fax # is 510-655-7488. We had a nice weekend in Melba and I hope the weather holds for a few more weeks with an occasional rain to keep the grass growing.

Sincerely,

DAVID W. VASTINE
