*Re: City of Pocatello SRBA Claims
Settlement Offer for Alternate Points of Diversion Condition*

Dear Jo:

This letter follows the settlement discussion with Karl and the City on September 14, 2006. I have enclosed copies of the City of Pocatello's water right descriptions as proposed settlements of the City's objections.

The water rights still have the alternate points of diversion allowing the City the flexibility to manage its water supply. However, the alternate point of diversion condition has been reworded slightly and simplified.

Please review this proposal with your client and get back to me as soon as possible. The Department still has a request from the Special Master to provide a report regarding the alternate point of diversion condition, thus, we would like know as soon as possible whether this proposal will settle the City's objections.

If you have any questions or would like to discuss this further, please call me at (208) 287-4810.

Very Truly Yours,

Candice M. McHugh
