	)	
Case No. 39576	)	STANDARD FORM 5
	)	
	)	STIPULATED ELEMENTS OF A
	)	WATER RIGHT

This form is used to report the stipulated elements of one water right acquired under state law. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; and they have been served with sufficient process, according to the law; and that they have appeared, prosecuted and defended their positions with regard to this water right dispute.

To resolve the objection, the whole of water right 37-59H was split into two water rights and renumbered as 37-21836 and 37-21837. The parties and IDWR agree and stipulate that water right 37-21837 should be described per the attached. The parties and IDWR further agree that this SF5 will resolve the objection filed by the BLM in subcase 37-59H, and have indicated their concurrence by signing below and initialing the attached pages. This right and right 37-21836 now supersede right 37-59H.
