6.2.5 The tree buffer area established or to be established on Building Lots 4 and 5 of the Plat shall be maintained by the Owners of such Building Lots. The Association hereby grants such Owners the license to maintain such Common Area in a manner approved in writing by the Architectural Committee. Reasonable costs in connection with such maintenance shall be reimbursed to such Owners by the Association; provided, however, the Owners of Building Lots 4 and 5 fail to maintain the tree buffer area in accordance with Association specifications, the Association has the continuing right to access the tree buffer area for maintenance.

6.3 Damages. Each Owner shall be fully liable for any damage to any Common Area which may be sustained by reason of the negligence or willful misconduct of the Owner, such Owner's resident tenant or contract purchaser, or such Owner's family and guests, both minor and adult. In the case of joint ownership of a Building Lot and/or Parcel the liability of such Owners shall be joint and several. The cost of correcting such damage shall be a Limited Assessment against the Building Lot and/or Parcel and may be collected as provided herein for the collection of other Assessments.

ARTICLE VII: WATER SYSTEMS

7.1 Domestic Wells. Each Owner shall, at Owner's own expense, provide Owner's Building Lot and/or Parcel with an on-site well for domestic use and for irrigation use for landscaping only in the immediate area surrounding the house, and in accordance with Idaho Department of Water Resources specifications for irrigation by domestic wells.

Each Building Lot and/or Parcel shall have a pressurized irrigation water system (Irrigation System), which has been or shall be constructed by the Grantor and which shall be transferred to the Association by appropriate deed and/or bill of sale. Use of the Irrigation System shall be subject to such rules and regulations of the Association governing use of the Irrigation System as may be adopted by the Association from time to time. The amount of water the Association receives will be determined by the Idaho Department of Water Resources. Payment for water use shall be made by the Association. Irrigation water will be prorated per Building Lot and/or Parcel.

THE IRRIGATION SYSTEM IS PRIMARILY FOR AGRICULTURAL USE. IT WILL BE AVAILABLE INTERMITTENTLY AND APPROXIMATELY ONE DAY PER WEEK TO OWNERS FOR THE EXCLUSIVE IRRIGATION OF PASTURE OR OTHER CROP LAND DURING THE IRRIGATION SEASON. IRRIGATION PROCEDURES WILL OCCUR ON A ROTATIONAL SCHEDULE TO BE ESTABLISHED BY THE ASSOCIATION. IT IS IMPERATIVE THAT OWNERS UNDERSTAND THAT WHEN THE IRRIGATION SYSTEM IS IN OPERATION, EACH OWNER IS REQUIRED TO USE THE WATER WHEN SCHEDULED. OWNERS MAY NOT MAKE USAGE OF WATER WITH OTHER OWNERS; HOWEVER, FAILURE TO USE THE WATER WHEN SCHEDULED MAY RESULT IN DAMAGE TO THE SYSTEM AND MAY BE SUBJECT TO A LIMITED ASSESSMENT BY THE ASSOCIATION.

7.3 Non-Potable Water. The non-potable Irrigation System contains inherent dangers. Use of the Irrigation System shall be subject to such rules, regulations, laws and ordinances as may be adopted and amended from time to time, of the State of Idaho, federal government, applicable irrigation and/or ditch company, and the Association, governing the use of the Irrigation System. Cross-connections of any type or kind whatsoever between the non-potable Irrigation System and potable water lines are strictly prohibited. **WATER FROM THE IRRIGATION SYSTEM IS NOT DRINKABLE; EACH OWNER SHALL BE RESPONSIBLE TO INSURE THAT IRRIGATION WATER WITHIN THE BOUNDARY OF SUCH OWNER'S BUILDING LOT AND/OR PARCEL IS NOT CONSUMED BY ANY PERSON OR USED FOR CULINARY PURPOSES.**

ARTICLE VIII: ASSESSMENTS

8.1 Covenant to Pay Assessments. By acceptance of a deed to any Building Lot and/or Parcel of the Property, each Owner of such Building Lot and/or Parcel thereby covenants and agrees to pay when

SUNSET HILLS SUBDIVISION AGREEMENT RE: IRRIGATION SYSTEM, WELL USE, AND ACCESS

01025487/CH

THIS AGREEMENT entered into this 16th day of April, 2001, by and between Greg Johnson and Heidi Johnson (hereinafter referred to as "Johnson" or "Grantor"), Sunset Hills Homeowners' Association, Inc. (hereinafter "Association"), Parkland Development LLC (hereinafter "Parkland"), Rick Thurber, aka Brothers Two, LLC (hereinafter "Brothers Two") and The Westpark Company Inc., an Idaho corporation (hereinafter "Westpark").

RECITALS

WHEREAS, Johnson is the developer and original Grantor of the property in and adjacent to Sunset Hills Subdivision according to the Declaration of Covenants, Conditions and Restrictions for Sunset Hills Subdivision ("CC&Rs"), recorded in Canyon County on October 3, 1997, as instrument no. 9733569;

WHEREAS, Sunset Hills Homeowners Association, Inc. was incorporated on July 15, 1997, to govern both the platted and unplatted portions of Sunset Hills Subdivision (collectively, the "Property");

WHEREAS, Sunset Hills Homeowners Association, Inc. is to be given ownership of a well and pressurized irrigation system serving the Property, as well as the property to the north (the "Nelson-Deppa, Inc. Property"), which property is described on Exhibit A, attached hereto, including approximately 66 acres;

WHEREAS, the CC&Rs provide that each building lot owner or parcel owner shall have access to a pressurized irrigation system ("System"), which system is to be transferred to the Sunset Hills Homeowners Association, Inc. ("Association") in accordance with paragraph 7.2 of the CC&Rs;

SUNSET HILLS SUBDIVISION AGREEMENT
RE: IRRIGATION SYSTEM, WELL USE, AND ACCESS - 1

BOI M11:030144.2

WHEREAS, Brothers Two is the owner of parcel no. 2, which is the parcel upon which the well for the System is located;

WHEREAS, the location of the Irrigation Easement for delivery and maintenance of the System is described on Exhibit C, attached hereto; and

WHEREAS, the parties desire to enter into this Agreement affecting the ownership, operation, maintenance of the pressurized irrigation System for the benefit of parcel owners and lot owners in Sunset Hills Subdivision, subject only to the option to purchase water belonging to Nelson-Deppe, Inc., as further described below.

WHEREFORE, in consideration of the mutual promises contained herein, and other good and valuable consideration, the parties hereto agree as follows:

1. The Pressurized Irrigation System.

1.1 The Well. The well is located on parcel no. 2, within the non-exclusive irrigation and utility easement. A description to parcel no. 2 is attached hereto as Exhibit B.

1.2 Distribution Lines. The distribution lines from the well to the individual parcels and lots of Sunset Hills Subdivision are located within the non-exclusive irrigation and utility easements located on each of the parcels, including the Irrigation Easement described on Exhibit C, attached hereto. Extensions of the distribution system shall be added to all of the lots within Sunset Hills Subdivision as those lots are developed.

1.3 Distribution to Nelson-Deppe, Inc. The distribution to the Nelson-Deppe property shall run from the well to the boundary of the Nelson-Deppe Property, and maintenance of the distribution system from that point forward shall be the sole responsibility of Nelson-Deppe, Inc.

2. Transfer.

Johnson hereby transfers to Association the ownership of the well and distribution system, including future extensions located within Sunset Hills Subdivision, to the Association.

SUNSET HILLS SUBDIVISION AGREEMENT
RE: IRRIGATION SYSTEM, WELL USE, AND ACCESS - 2

BOI_MT1:330144.7

The Association shall retain the right and obligation to maintain and operate the System, including the well and pump, all within the easements granted within Sunset Hills Subdivision for that purpose. The Association shall have the responsibility for providing water to Nelson-Deppe, Inc., in accordance with the terms of the pre-existing option agreement, as hereinafter ratified.

3. Option Agreement.

The Association recognizes and ratifies the existing option of Nelson-Deppe, Inc. to purchase water from the well in the amount as the same relates to the beneficial use of the water for the real property owned by Nelson-Deppe (and described on Exhibit A, attached hereto). Nelson-Deppe, Inc. shall reimburse Association, as assignee of Johnson, the pro rata share of the power costs of operating the System, plus 15%, as reimbursement for water costs based on usage by Nelson-Deppe, Inc. Nelson-Deppe, Inc. shall not participate in the ownership of the well, but shall be responsible for its main line and delivery system of well water in the event Nelson-Deppe, Inc. uses said water. This Option shall not entitle Nelson-Deppe, Inc. to increase its historical use of the well, or to impair the ability of the Association to deliver irrigation water in a reasonable fashion to its members.

4. Rights and Obligations of Association.

4.1 The Association shall establish such rules and regulations as it deems necessary for the operation and maintenance of the System, consistent with the terms of this Agreement.

4.2 Use of the Irrigation System shall be subject to such rules, regulations, laws and ordinances as may be adopted and amended from time to time, by the State of Idaho, federal government, applicable irrigation and/or ditch company, and the Association, governing the use of the Irrigation System.

4.3 Each Owner shall be responsible to ensure that irrigation water within the boundary of such Owner's building lot and/or parcel is not consumed by any person or used for culinary purposes.

4.4 Association may schedule the use of water among its members as part of their rules and regulations. Association may similarly schedule the use of water by Nelson-Deppe, Inc.

4.5 Association has the right to hold and control the Common Area and to levy and increase regular or special assessments relating to the Common Area in accordance with the assessment provisions of the Declarations. This includes assessments for the construction, improvement, protection, maintenance, repair, management and operation of common area, including the Irrigation System.

4.6 Association shall set appropriate fees for the use of water by members of the Association. These fees, in addition to those funds received from Nelson-Deppe, Inc. from the purchase of water, shall be sufficient to pay the anticipated costs of operating the water system in each year. Association may make special assessments to the members, and may restrict the use of water when appropriate.

5. Miscellaneous.

5.1 Law Governing. This Agreement shall be governed by and construed in accordance with the laws of the state of Idaho.

5.2 Presumption. This Agreement or any section thereof shall not be construed against any party due to the fact that said Agreement or any section thereof was drafted by said party.

5.3 Prior Agreements. This document is the entire, final and complete agreement of the parties pertaining to the ownership and maintenance of the distribution system.

The option to purchase water by Nelson-Deppe, Inc. is integral to the operation of the irrigation system, and this Agreement is intended to memorialize the common practice that existed between Grantor and Nelson-Deppe, Inc. prior to the transfer of the irrigation system to the Association.
