Re: Golden Gate Irrigation District Water Right No. 63-232

Dear Dave:

The Board of Directors of the Golden Gate Irrigation District had the opportunity to review your letter and materials dated November 1, 2006 at their regular board meeting Tuesday evening. We discussed the Department's recommendation of 231 acres for the District's area of use of its water right and reviewed the map provided demonstrating the actual irrigable acreage within the District.

The Board is in agreement with the Department's recommendation for the 231 acres and hereby withdraws its opposition to that recommendation. Thank you for taking the time to clarify the Department's position. If anything else is needed, please let us know.

Sincerely,

WHITE PETERSON

Christopher D. Gabbert
