Dear Mr. Henneman,

I understand that you own of part of Lot 113, Island Park Subdivision. There is a water right claimed in the Snake River Basin Adjudication (SRBA) that is appurtenant to this property. The USDA Forest Service objected to water right claim number 21-10021 in the Snake River Basin Adjudication (SRBA) because of a concern with the legal description. The water right recommendation indicates it is for property also known as Lot 113, Island Park Subdivision. The Idaho Department of Water Resources (IDWR) recommended this water right to the SRBA Court in January 2006. An Initial Hearing for this water right was held November 16, 2006 in St. Anthony. No claimants for this water right appeared at the hearing. As a result the water right is in jeopardy.

I went to the Fremont County Assessors Office November 17, 2006 in an attempt to determine the owners of Lot 113, Island Park Subdivision. Based primarily on map information in the Assessors Office not previously available to me, it appears that you are an owner of part of Lot 113, Island Park Subdivision. If this is correct I recommend that you contact Ernest Carlsen or Trent Galbraith at the IDWR Eastern Region Office in Idaho Falls at (208) 525-7161 to discuss the status of this water right, your interest in the water right, and how you can obtain ownership of the water right if you are interested in obtaining a water right for this property. If you no longer own this property this information should be forwarded to the current owners of the property.

If you have any questions about this matter and Forest Service involvement in the proceedings, please contact me at (208) 331-5944.

Sincerely,

STEVEN M. SPENCER
