Re: Water Right Claim # A47-04379

Dear Sir,

On November 3rd, 2006 I received your Preliminary Director's Report on my water right claim (#A47-04379) filed with your office on 5/11/2000. I would like a letter explaining the following questions about your preliminary report.

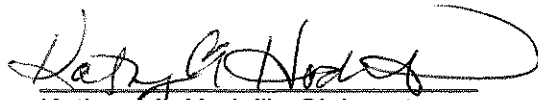

1. Why did your report change my claim from the original 0.800 cfs to 0.380 cfs?
2. Why did your report change the priority date from 03/15/1909 to 07/20/1911?

It is my understanding that Notice of Error forms were to be filed with your office no later than November 17th, 2006. This deadline allowed me only 10 work days to review your report and seek alternative legal advice since receiving your report. This tight deadline was not sufficient time for the necessary review on my part.

I reserve my right to file the Notice of Error until I have received a response from your office to my above questions. Until your response is received, please consider this letter my Notice of Error to your findings. I do not agree with the proposed recommendation of your preliminary report because of the above two discrepancies.

Please note my new contact phone number listed above.

Thank you for your time in this matter.
