1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source): *The yellow boundary of my irrigated property leaves out areas I irrigate & areas that have been traditionally irrigated. The SE area left out includes irrigated stock grazing in an Aspen grove. The northern section includes fruit trees that have been irrigated for 90 years, and the SW section includes fruit trees and a garden. Plus the area inside the yellow boundary must be bigger than 2.8 acres, since my property*
2. Describe the changes you wish to make in the proposed recommendation: *is 4.59 acres my irrigated acres should be increased to at least 4 acres.*

3. Give a brief explanation as to why you disagree with these portions:
I irrigate all 4.59 acres of my property, historically at least 4 of these acres were irrigated. ~~From~~ The area inside your yellow boundary is also incorrect. I had a dispute with the county about my property size and they refigured it at the 4.59

☐ I AGREE with this proposed recommendation: no changes need to be made.
