Re: Snake River Basin Adjudication (SRBA)
Revised Preliminary Recommendations - #73-12003 and 73-12005

Dear Mr. and Mrs. Friehe:

You'll see by the enclosures I have revised the recommendation for 73-12005.

The dilemma for the recommendations is Dan Taggart, who held the prior water License reflected in your claim 73-12005, was also a party to a prior lawsuit over water rights and was found to have only the quantity of water shown in your claim 73-12003. The binding effect of the prior decree negated the full effect of the License. To address the dilemma the recommendation for a second water right advances the priority date to the day after the prior decree.

I trust after deliberating a while you will find this solution satisfactory. If you don't follow my rationale, give me a call.

Sincerely,
