To Whom It May Concern;

When my husband and I bought this place in 1972 I remember having talks with my Grandpa Shaw (William Shaw) about the history of this place. He was about 70 years old at the time and had grown up around this area so he had knowledge of the history of our place. He said that this was the best place on Cottonwood because of the water right and that most of the place was good irrigated farm and pasture ground.

Sincerely,

Re: Sandra J. James – Right Numbers 67-309 & 67-4148

To Whom It May Concern;

My parents, John and Cleone Fraiser, started ranching on Cottonwood in 1954. From the conversations I heard my parents have regarding the surrounding places, the Snow place then and now the James place had first water rights on the creek and irrigated around 140 acres out of 160.

Sincerely,

*Jack Fraiser*

Re: Sandra J. James – Right Numbers 67-309 & 67-4148

To Whom It May Concern;

I moved to my ranch, the old Johnson place, on Cottonwood Creek in 1956 and then started leasing the Snow place in 1960 and leased it for 12 years until it was bought by Joseph and Sandra James in 1972.

At the time I started leasing all the land was irrigated (140 acres) except for around 20 acres of dry & waste land and all the ditches were well established.

In my conversation with the Snows, prior to leasing, we visited about the place and I was led to believe that the irrigated land had been that way for many years. They purchased the land from Beiers in 1946 or 1947.

Sincerely,

Woody Jones
