1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

area of use

2. Describe the changes you wish to make in the proposed recommendation:

The ground irrigated by this ditch is actually everything included in our red line.

3. Give a brief explanation as to why you disagree with these portions:

The line where its Old yellow is not right. The land between the red and yellow line is actually watered with water from the Mager Run ditch (S13). This makes approximately 120 acres watered from this ditch.

☐ I AGREE with this proposed recommendation: no changes need to be made.

Dear Sir,

We have filled out the notice of error forms for the ditch on our ranch. The forms were sent to Eugene and Viola Edwards. Eugene died 11 years ago. Correspondence is being sent to Viola, who is in her eighties, and by the time we get this information, we sometimes don't have time to answer in a timely manner. Paul Edwards is Eugene and Viola's son and has operated the ranch the past 23 years. The ranch will eventually be turned over to Paul when it turns into an estate. We would like to know if any further correspondence could be sent to Paul. His address is:

Paul Edwards

Thank you for your consideration,

Sally Edwards (Paul's wife)
