RE: Claim #78-10295

Dear Mr. Fritschle,

As per our recent telecoms, I have enclosed copies of information that provides 1900 evidence of priority for water Claim #78-10295. Included are copies of water claims 78-4113 (McMahan) & 78-4136 (Dorsey Campbell), that both show 1900. I have also enclosed a copy of the Warranty Deed from Campbell-Meadows Ranch that includes 1 inch of low water for the land we purchased from them in 1985.

I understand that Darrell Campbell has written an affidavit affirming the priority date for these same original water claims of Dorsey Campbell & Eugene McMahan for Steve Campbell's evidence of priority. Since our water use is directly linked to these same claims, we wish to reference that letter as evidence of priority date for our claim.

Thank you for your help in affirming our water claim interest at this location in the Snake River Water Adjudication process. If you have any questions, please contact me daytime at 208-634-0714.

Sincerely,

ALBERT S. BECKER
