WESTERN REGION

Dear Craig,

In Regards to letter we received from the water Resource board on 12/13/06.

The letter is a notice of error on our Water Rights.

Perry A. McCollom name is on our Water Right. Perry had nothing to do with our Water Right. My wife and I purchased the the land from Perry in 1977. Perry had no Water Right with the place. His name should not be on our Water Right. I have no idea how his name got there, but his name should be removed.

My wife and I should be the only names on the Water Right.

Sincerely,

Martha C. Eich
