Dear Mr. Carter Fritschle,

In regards to the 80 acres of land in New Meadows, Idaho, formally know as the Carey Place or Carey Ranch, previously owned by Johnny Carey of Riggins, Idaho. Cliff Galli, of Galli Ranch, living in Riggins, Idaho now owns these 80 acres. I, Alvin Hall, of New Meadows, Idaho irrigated the above stated acres for Johnny Carey of Riggins, Idaho during the summers from 1967-1975 and used the wastewater in question. Wastewater is a must to irrigate this land through the later summer and early fall.

Alvin H. Hall
