1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

I disagree with the water quantity in the preliminary recommendation and the period of use.

2. Describe the changes you wish to make in the proposed recommendation:

These water rights (75-14316, 75-14318, 75-14320, 75-14322) should be 0.177 cfs combined - not 0.011. Period of use is 03/01 to 11/01.

3. Give a brief explanation as to why you disagree with these portions:

This water right was based on a right decree in a prior adjudication and should not be reduced below the normal water duty. These decreed rights have been used and delivered in these quantities for over 100 years.

I AGREE with this proposed recommendation: no changes need to be made.
