To; Michael Ciscell,

Hello Michael. As per our conversation the adjusted area which is 5.6 acres is the area which has always been under irrigation on our property located at 18525 Hwy 20 by Picabo Idaho. Also as I had stated we want to turn the 1883 and 1884 water wrights back over to my Father in law William Molyneux.

Thank you for all of your help in this mater.

Sincerely,
Wayne and Nina Orvik
