1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

~~Point of Diversion~~ - Point of Diversion

- Total Acres irrigated

2. Describe the changes you wish to make in the proposed recommendation:

- Point of Diversion should be move to 20 ft upstream on lot 5254
(see mark on attached map and email from previous neighbor re location of diversion in 1987)

- Total Acres irrigated is Approx 2.5, not 2.0

3. Give a brief explanation as to why you disagree with these portions:

- The Claimed water Right was reduced based on acres irrigated. Total Acres irrigated is 2.5, therefore Quantity should be adjusted to 2.06 (see attached map)

I AGREE with this proposed recommendation, no changes need to be made.

Jim,

I purchased tax lots 5860 and 4279 in 1987. I remember at that time that the then owner of tax lots 4278 and 5254 had a small dam located on tax lot 5254 about 20 feet upstream from the northwest corner of my property.

Please let me know if you need anything further.
