- Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source): *We disagree with the stated period of use being 01/01 - 12/31. Since we are out of town most of the winter weather - mostly on business, there is no irrigation from 10-15 to 4-15th, (most of the winter) we do not have to maintain water rights over our property.*
- Describe the changes you wish to make in the proposed recommendation: *We only irrigate from 4-15th (depends on weather) to 10-15. Specifically: 1) Allowing dry days - usually every other day; 2) plus one or two days off the water on rainy days.*
- Give a brief explanation as to why you disagree with these portions: *Based on the above we do not exceed 13000 gallons per day - even on the days when the sprinklers are on & we are using the most water in the area. Please give me the response to the above circumstances.*

☒ I AGREE with this proposed recommendation: *subject to a understanding & agreement of the above conditions*
no changes need to be made.
