On January 23, 2006, the Idaho Department of Water Resources filed its *Director's Report for Irrigation and other Uses, Reporting Area 23, IDWR Basin 74*, which reported the above-captioned water rights filed by the United States Department of Interior, Bureau of Land Management, based on both state and federal law. On January 16, 2007, the United States filed affidavits in support of the claims. A hearing was also held on that same date wherein the Court continued the matter to allow for the review of the affidavits. At the hearing, it was brought to the attention of the Court that, for certain of the claims which the United States was seeking a state-law basis, the priority date being sought was earlier than the date of June 28, 1934, originally claimed and reported. These claims include: 74-15474, 74-15475, 74-15476, 74-15478, 74-15479, 74-15481, 74-15482, 74-15483, 74-15484, 74-15485, 74-15486 and 74-15487.

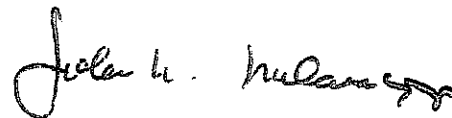

For purposes of these proceedings, the Court will treat the claims as amended claims and proceed as follows.

IT IS HEREBY ORDERED that a hearing pursuant to I.C. §42-1411A is set for the above-captioned dual-based claims.

IT IS HEREBY ORDERED that a status conference will immediately follow the hearing to address the twelve claims the Court is treating as amended claims. It is the intent of the Court to have the Idaho Department of Water Resources issue amended director's reports for the twelve claims based on state law with the amended priorities. Thereafter, the matter will proceed according to docket sheet procedure for the amended director's reports. The purpose of the status conference is to discuss a schedule with IDWR for filing the amended director's reports.

Both said hearings will be held on **February 20th, 2007 at 1:30 p.m.** at the Snake River Basin Adjudication Courthouse, 253 3rd Avenue North, Twin Falls, Idaho. Any party wishing to object or comment on the Court's proposed action shall do so at that time. Attendance at this hearing by the claimant is not required, as the Court will take the proposed action in the absence of any objection to the contrary. Telephone participation will be available by calling 1-918-583-3445 and entering 406128 when prompted.

Dated: January 17, 2007.
