Water right number: 75-4026

SALMON RIVER PROPERTIES INC  
BOX 4495  
CHATSWORTH CA 91313

1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

*POU does not "fit" actual irrigated lands. Needs better shape file. This right should be allowed.*

2. Describe the changes you wish to make in the proposed recommendation:

*The parcel N of Hat Cr was irrigated into the 1990's. It is approximately 70 acres. There is also 25-30 irrigated acres at the mouth of Hat Cr which was also irrigated into the 1990's. Currently, the creek has changed channels and eroded. There are no active PODs.*

3. Give a brief explanation as to why you disagree with these portions:

*The 1992 aerial photography clearly shows that the two parcels are irrigated. I do not want to lose the water right.*

☐ I AGREE with this proposed recommendation: no changes need to be made.
