I have been asked to furnish a statement of verification to the Dept. of Water Resources for Mike Reid, owner of property on Paradise Springs, located near Victor Idaho.

I have lived on the property next to the Reid Property for some 50 years. I observed the Miller family and the Schiess Brothers both use irrigation on the property before 1987 from the pump on the spring that comes paradise springs. My Father Duane Kunz and his brother Merle Kunz rented and used the property in the late 70's to raise potatoes and they used the water from the same source for irrigation.

I submit this statement on December 18, 2006.

The property that is now owned by Mike Reid that he purchased from LeRoy Miller's family that is in question has had a ditch running from the dam as since before I was born in 1948. The land below the ditch was flood irrigated from that ditch. A portable pump powered by a tractor was put on the ditch so that sprinklers could be operated on the land above the ditch. I was still in school when that took place so it was before 1966.
