1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

"Other Provisions Necessary for Definition or Administration of this Water Right"

2. Describe the changes you wish to make in the proposed recommendation:

Remove paragraphs 1-5 of the above-referenced section.

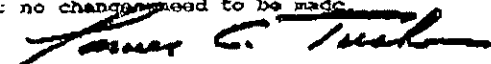

3. Give a brief explanation as to why you disagree with these portions:

The references are inconsistent with the Swan Falls Agreement. These inconsistencies were the subject of discussion at a meeting between Idaho Power Company and IDWR regarding Malad power rights. Should IDWR desire further discussion of the issues, please contact counsel for Idaho Power Company.*

I AGREE with this proposed recommendation: no changes need to be made

Dear Mr. Smith:

We are returning Notices of Claim to a Water Right filed for Idaho Power Company's water rights at Swan Falls Dam. We have noted some problems with the claims which we would like you to correct.

The notary public's verification of the signature of the claimant is a required element of the claim form. Sally Chambers notarized only one of the four claims out of the Swan Falls group. After you have obtained the notary public's verification of Mr. Stahl's signature at the bottom of the last page, we will be able to process these claims.

Please return the documents to this office to my attention. If you will make these corrections before December 26, 1990, you will not be assessed a late filing fee. Please do not hesitate to contact this office if you have any questions or concerns.

Sincerely,

FINAL DECREE.

THE TRADE DOLLAR CONSOLIDATED MINING COMPANY, a
corporation, Plaintiff.

vs.

ALFRED A. FRASER and A. R. CRUSEN, Defendants.

The plaintiff, The Trade Dollar Consolidated Mining Company, heretofore appealed to the United States Circuit Court of Appeals, for the Ninth Circuit, from certain parts of the final decree made by this Court in this cause on the 27th day of December, 1905, and the said United States Circuit Court of Appeals having duly heard the said appeal upon the transcript of the record and having at the October Term, 1906, rendered an opinion in writing wherein it was ordered, adjudged and decreed that the said final decree was erroneous in not perpetually enjoining the said defendants from making the diversion of the waters covered by their permits at the points or through the ditches or canals indicated on the plans accompanying them, and in not enjoining them from any diversion of the waters of the river that will interfere with the head of water created by plaintiff's dam or in any way injure or destroy its works, and in not providing in said decree the amount of water plaintiff's works are capable of diverting in excess of the said quantity beneficially applied, and in not fixing a time when such amount shall be applied to the beneficial purpose intended, and the said Circuit Court of Appeals having reversed the

judgment herein, with costs in favor of plaintiff, and remanded this cause to this Court with instructions that further proceedings be had in said cause in accordance with the views expressed in said opinion, which said decree, order, opinion and instructions appear to this Court by the mandate of said Circuit Court of Appeals:

Now therefore, on filing of said mandate, and as therein ordered, it is now ordered, adjudged and decreed, as follows:

1. That the plaintiff is now the owner of and has applied to beneficial use (two thousand one hundred and fifty cubic feet per second) of the water of Snake River, at Swan Falls, between Ada and Owyhee Counties, in the State of Idaho, and plaintiffs right thereto is hereby confirmed and its title thereto is adjudged to be quieted against all claims, demands or pretensions of the defendants or either of them and also against those two certain permits granted to the defendants by the State Engineer of Idaho on November 28th, 1904. 2150

2. That the plaintiff is also the owner of a legal and valid appropriation of ten thousand cubic feet per second of the waters of said river at said Swan Falls and plaintiff has constructed a dam and diverting works at said Swan Falls which are capable of diverting and applying to a beneficial use the remaining seven thousand eight hundred and fifty cubic feet per second of said water, being the amount in excess of said two thousand one hundred and fifty cubic feet per second already so applied, and plaintiff has shown good faith and reasonable diligence in carrying on its work and improvements for the application of the remainder of said water to beneficial purposes, and it is hereby decreed that plaintiff have four years from the date of this decree within which to apply to beneficial purposes the said seven thousand eight hundred and fifty cubic feet per second. 7850

3. That plaintiff by the construction of said dam has created a water fall or head of water of nineteen feet where practically none before existed and plaintiff has the right to the free and undisturbed use and enjoyment thereof and to maintain the same unimpaired by acts of the said defendants.

4. That the said defendants and each of them and their servants, agents and employees and their successors in interest and assigns are hereby perpetually enjoined from diverting the waters of said Snake River covered by the said permits, at the points or through the ditches or canals indicated on the plans accompanying them, and from any diversion of the waters of the river that will interfere with the nineteen foot head of water created by plaintiff's dam, or in any way injure or threaten or destroy its works or impair their value or effectiveness.

5. That plaintiff do have and recover its costs herein to be taxed amounting to seven hundred fifty-four and 35-100 (\$754.35) dollars.
