This a claim that was signed by Carolyn Pugh. We receive the notice of error and the preliminary recommendation with her name removed. A letter was sent asking for the divorce decree. A statement from Donald Pugh states that she was never on the deeds. Bob Foster went to the Courthouse and looked through all the documents and never found any mention of Carolyn in any of them. I changed Carolyn to an original owner.

Would you please profile this and send the necessary paperwork to the court.

Thank you.
