Danni,

RE: 85-04349

This claim was reported out in the name of The Nature Conservancy, but BLM objected because it was the new owner of the land. The case was settled by signing the claim over to BLM in an SF-5. It has been partially decreed to BLM, but it the owner still shows up as The Nature Conservancy on IDWR's website. Could you please forward this information to your data entry people. Thanks Danni.

Fred
