Re: 67-7417

Gregory Eich called and wants to know why Perry McCullen is on his claim as an owner. I told him it is because his wife Martha put him on the claim when she filed the SRBA claim in 1989. He would like him removed. I said we could do it upon a written request because there is an OR between each name. I do not think a death certificate is necessary do to the "or" name connector.

He is mailing us a written request.

Written Request Received 12/20/06.

*OK TO Change Perry McCullen
to DR owner.*
