Cindy,

I received confirmation from our Smoky Canyon Mine Maintenance Superintendent (Verlen Andrews) that he can be available to show you the water use from Roberts Creek in the mill and tailings pond no.1 on Friday, November 10. I am waiting to hear from our Ranch Manager who left me a message indicating he will try to reach me later this afternoon to discuss your visit to the Crow Creek Ranch on the same day. At this time, I suggest you plan on the visit for November 10 and we will provide you with directions on how to reach both locations after I discuss this further with Jed Nield, who manages the Simplot ranch.

Thank you.
