I propose recommending 49 acres irrigated in any one year within the permissible place of use described above. This is consistent with what would have been originally irrigated by gravity per discussion with Perry Robinson. The sprinkler system was installed sometime between 1967 and 1969, which is early enough to allow a second beneficial use claim. However the claim, the interview with Mr. Robinson and current practice indicate that the whole farm is generally not irrigated in any one year. BAC 5 Sept 05

Dear Ms. Payne:

It was a pleasure meeting you Monday. I have traced the deeds and plotted them on a sheet of paper the best I could with what I have to work with. I hope you can understand what I did. Each of the little squares is 5 rods. Because the deeds go into the two sections, I used the quarter sections that were adjacent to each other for section 9 and 10. I also highlighted the dates, names and description on the recorded deeds. I am not sure about the wording on some of them as far as the water rights go. I believe this covers the period from 1909 to the present with what we already sent you.

If you have any questions, please let me know. Thank you for your help and giving us more time to get the information to you. Merry Christmas and Happy New Year.

Sincerely,

Sheila Eddins

Re: Snake River Basin Adjudication (SRBA)
Claim 24-4006

Subject: EVIDENCE OF PRIORITY & OWNERSHIP CHANGE

Response Date: 17 December 2004

Dear Claimant(s):

Thank you for the documents you sent in response to our last letter requesting evidence of priority. The documents that we have on file that show a chain of ownership include the following:

3/2/1987	Warranty Deed, Leroy & Leda Robinson to Robinson Trust
4/15/1986	Quit Claim Deed, Leroy & Leda Robinson to Robinson Trust
4/8/1969	Warranty Deed, Byron & Ruth Haderlie to Roy & Leda Robinson

These documents only provide a chain of evidence from 1969 to 1987. In order to recommend to the Court the priority date of June 1, 1910, we need documents that continue the chain of ownership from 1969 to 1910. Documentation also needs to support that the water has been beneficially used since June 1, 1910.

I did not receive the Notice of Water Right Ownership change form. Since the property is in the name of the Trust, this form needs to be completed and returned so that we have on record who to contact concerning water right issues.

If you have any questions, please feel free to contact me at 547-3993.

Respectfully;

Barbara Payne

Re: Roy and Leda Robinson Estate Water Rights

Dear Ms. Payne:

My brother, Perry Robinson, asked me to send you copies of these documents. I am not sure if this is sufficient. Our parents bought this property from Bryon and Ruth Haderlie in 1969. I have enclosed the warranty deed and the title insurance. I understand that the Haderlies still had the property mortgaged so there is also a release of mortgage from them. I have other papers but they seemed to be the same thing as for as title information.

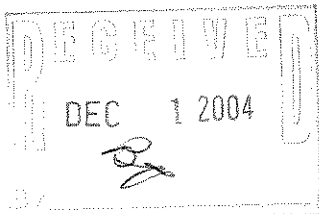

I hope this is sufficient to prove my parents ownership to the property. If you need further information, please let me know. My phone number is (307) 885-6108. I live in Afton, Wyoming.

Sincerely,

Sheila Eddins
(Daughter of Roy and Leda Robinson)

Re: Snake River Basin Adjudication (SRBA)
Claim 24-4006

Subject: EVIDENCE OF PRIORITY & OWNERSHIP CHANGE

Response Date: 10 December 2004

Dear Claimant(s):

Thank you for the documents you sent in response to our last letter requesting evidence of priority. The deeds establish current ownership of the land. However, they do not provide a clear chain of title dating from the claimed priority date, which is June 1, 1910 to the current owner. Please refer to the pamphlet I sent and provide the necessary documentation.

Since Roy Robinson is deceased, the claimant for the water right also needs to be changed. I am enclosing a Notice of Change in Water Right Ownership that needs to be completed and returned to our office with the necessary documentation.

If you have any questions, please

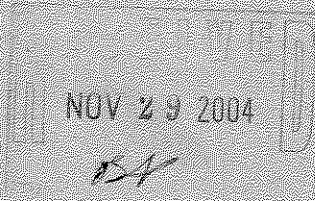

Respectfully;

Barbara Payne

Re: Snake River Basin Adjudication (SRBA)
Claim 24-4006

Subject: EVIDENCE OF PRIORITY

Response Date: 16 November 2004

Dear Claimant (s):

The Idaho Department of Water Resources has begun its water right review in Basin 24. The Notice(s) of Claim identified with the number shown above, has been filed in the Snake River Basin Adjudication (SRBA). The basis of the above referenced Notice of Claim is a "statutory claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a license, Decree, or Permit. For this reason, proof must be provided supporting the priority date. **As the claimant, you are responsible for submitting the necessary proof to support the priority date.**

It is important that each element of the Notice be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

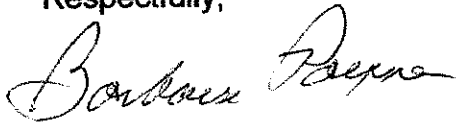

For your reference, I have enclosed the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some examples of Documents Which May Be Evidence of the Priority Date**".

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible.

.....
The Department cannot recommend the court decree the Notice if no evidence of a priority date is submitted.
.....

Please submit the documentation supporting the priority date by the above noted response date referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter, please feel free to contact me at 547-3993.

Respectfully,

Barbara Payne
