what kind of information we needed
to support the priority date.

9/29/05 4:10pm Mr. Hartman called
and wanted to know if he needs to hire
an attorney. I told him it is up to
you if you want to hire an attorney.
I told him Monte called this morning
about what information we need. Mr.
Hartman "Well this water has been
used for 100 years and you're saying
if I don't come up with evidence I

will lose my water right." Cindy, No, what I said
