

There is nothing in this file that provides evidence.

There is a Water Right Transfer dated 11/10/1997, Transfer # 5040 on claim # 24-4016.

Transfer # 5040 changes place and nature of use under claim # 24-4016. Irrigated acres are shifted slightly to reflect the acres confirmed through SRBA investigation. Two QQ were apparently claimed in error and never irrigated under this system. 12.6 acres will cease irrigation to compensate for the new recreational use of 2 ponds.

There is a Notice of Water Right dated 1/26/1903 in the file, but nothing supporting it. The claimants are Cyrenus J. Bagley and William Bagley.

A Purchase Agreement dated 12/10/1991 shows the property belonged to Box Ranch Inc. (Alfred & Colleen Sorenson) and went to John Taft Corp. (John & Melody Taft) and the Hartman Family Trust (Walter Hartman Jr.).
