To Cindy
From: Kevin Toner (212) 842-8903

Kevin called saying that he received word from his attorney that the attorney had talked with you and that everything was okay. Kevin doesn't understand POD, POU, etc. I told him that our direction has been that anytime an attorney is involved, we have to turn the matter over to our attorney.

He will be in Idaho this week. He will leave New York on October 5. I suggested that he call you when he is in the area. I told him that on Thursday we would be in IF and I gave him our IF number so that he could contact you there if you don't talk to him before then. He admits his cell coverage at the POU does not work.

Kevin called again. He got your package & he just has a few forms to fill out & everything is fine. You don't need to call him.
