RE: 03-2006 & 03-7005 – Weiser Irrigation District

Dear Special Master Dolan:

As you are aware, the Bureau of Land Management (BLM) objected to the digital boundary place of use for the above-referenced subcases. On March 27, 2007, Standard Forms 5 were filed with the court. Please be advised that the SF 5s were filed prematurely. It is anticipated that objections will be filed in Basin 67 to the Weiser Irrigation District's boundary that will more than likely result in yet another change to the digital boundary in Basin 03 since the district boundary overlaps Basins 03 and Basin 67.

The objection deadline in Basin 67 is August 22, 2007 and the response deadline is October 22, 2007. It is respectfully requested that you delay issuing Special Master's Reports and Recommendations until the same issue is resolved in Basin 67. In the meantime, the court may want to set the subcases for a telephone status hearing at the beginning of November so that the parties can give the court an update as to status of the objections.

Thank you for your courtesy and cooperation in this regard.

Very Truly Yours,
