A Status Conference was held on April 11, 2007 in the above subcases. At the hearing, the parties informed the court that additional subcases and parties may be affected by these proceedings and settlement discussions. Specifically, the parties and the Idaho Department of Water Resources identified 32 additional subcases which are delivered through the Silkey Canal. These additional 32 subcases may be affected by the proceedings and settlement discussions for 21-00041G, 21-00051B, and 21-12978.
