REASONS SUPPORTING OBJECTION(S):

The City of Pocatello has junior priority state-law ground water rights upstream from the Snake River diversions of the Twin Falls Canal Company and the North Side Canal Company. In addition, the City of Pocatello has contractual rights to Snake River storage under the contract it entered into with the U.S. Bureau of Reclamation under Contract No. 14-06-100-1825 dated January 8, 1960. Under the Contract, the City of Pocatello is entitled to 4.1667% of the reservoir capacity of Palisades Reservoir which is 50,000 acre feet at the estimated active capacity of 1,200,000 acre feet. Either as a junior priority ground water user or as an entitled user of storage water, the City of Pocatello is affected by the determination of natural flow and storage water for the Twin Falls Canal Company and the North Side Canal Company under the general provision for the Minidoka Credit Language.
