4. Priority Date

In addition to the subordination language found in the "other provisions necessary" portion of the recommended water right, the water right should also include subordination language based upon historic practice.

7. Purpose of Use

The purpose of use should be amended to include a reference to the contractual relationship existing between the United States and the Idaho Power Company at the American Falls reservoir. *See* 01-02064.

10. Other Provisions Necessary

The recommended water right currently references the 1923 contract entered into between the United States and the Idaho Power Company. Additional contracts exist that may also affect the use of this water as well. Language should be inserted indicating that the 1923 contract is not the limit of the contractual relationships that may exist affecting this water right.
