Subject: Lenroot Canal

Danielle, In the next couple of days you should receive a map for the Lenroot Canal. Company representatives have marked the service area boundary plus land they want added as irrigated acres. There is a shape file (PoulD 698890) in the Recommendation POU theme reflecting the updated boundary, it is linked to the recommendation for 1-97. Please add this boundary to the irrigation companies shape file. Also prepare a new map with the updated boundary and irrigated acres.

Mail it to:

Lynn Nelson
617 W 7800 S
Rexburg ID 83440

Phone No.: 356-8281

Send Michael Holliday here at Eastern a shapefile of the irrigated acres. He will need it to complete the recommendation for the canal.

Thanks for your help. Feel free to call me if you have questions
