E. REASONS SUPPORTING OBJECTION(S):

The point of diversion in the SWNENW Lot 3 of Section 26, T2N, R15E is on National Forest System (NFS) land. The claimants are not authorized to occupy and use NFS land for this purpose. We suspect that the point of diversion, instream flow descriptions and places of use are all intended to be on private land in Section 26, the legal description of which is Homestead Entry Survey 595 and part of Homestead Entry Survey 596. These HES descriptions are an integral part of the legal descriptions of this private land and need to be included in the legal descriptions of this water right.
