Re: Evidence of Priority for Claims to Water Rights 63-20900,
63-20901, 63-20902, and 63-20909

Gentlemen:

My name is Wayne Stephens, my mailing address is 24604 Emmett Road, Caldwell, ID 83607, and I am more than 18 years of age. The following information about the water use associated with the above numbered claims to water rights is from my own personal knowledge.

The triplex associated with claim to water right 63-20900 is on the location of a residence and brick/block factory that were in place in the mid 1950s. The attached "Agreement to Terminate Water Well Agreement" was put in place to terminate a water well sharing agreement dated February 8, 1956. The location of the shared well as described in Exhibit "A" of the attached Agreement is the same property as the currently located triplex and claim to water right 63-20900 should be amended to claim a priority date of at least February 8, 1956.

I moved into and lived in the 8 plex associated with claim to water right 63-20901 in 1962. The units were new when I moved in during 1962.

The triplex and 4 plex associated with claim to water right 63-20902 were in place on the property when I moved there in 1962. Neither of the buildings was new in 1962 when I moved there.

The 12 unit apartment associated with claim to water 63-20909 was, to the best of my recollection, completed in about 1965. I request that the priority date of this claim be amended to 1965. I grew up in Middleton and from about the mid 1950s to the late 1960s I hunted geese in the general area where the 12 unit apartment and the Valley View Apartments are now located. As noted above my wife and I rented one of the Valley View apartments in 1962 and we lived there into sometime in 1963 when we purchased a residence. It is my recollection that shortly after we moved the 12 plex apartment was constructed. Our interest in the properties continued. In 1977 my wife and I purchased the Valley View Apartment complex which was located next to the then existing 12 unit apartment complex. At this time it was apparent that both units had existed for a significant period of time and both were in need of significant maintenance and repair. Later I purchased the 12 unit

complex. As noted, it is my best recollection that the 12 unit complex has existed since about 1965. Canyon County has advised me that they do not keep copies of building permits issued that far back and therefore I cannot pinpoint the precise date of the issuance of the building permit.

All of these water rights are interconnected to 5 wells, some of which provide water for additional water rights as well. Normally, these water rights are supplied from 3 wells but the interconnections can be turned on when needed to provide a continuous, reliable water supply. The other water rights diverted from these wells include 63-11234, 63-12000, 63-20897, 63-20898, and 63-20899.

Please contact me, David L. Whitney at 459-3659, or David Shaw at 363-7983 if you have questions or need any additional information regarding these claims to water rights.

Yours truly,

Wayne Stephens

April 19, 2007

In the late 1950's I hunted geese near the refuge at Lake Lowell. I hunted at 10th Ave and Karcher quite often. (now the site of a Valley View School.) Just across the Karcher Road was brick factory with a residence. This was prior to 1959, the year I graduated from high school at Middleton. The house and factory were located on the south west side of the intersection of 10th and Karcher.
