NOTES

10-13-05

Evidence of priority supports date claimed. Splits of original water right do not exceed quantity or acreage of 22-4184.

Recommend as claimed. May be farmed as one unit, but not combined rights.

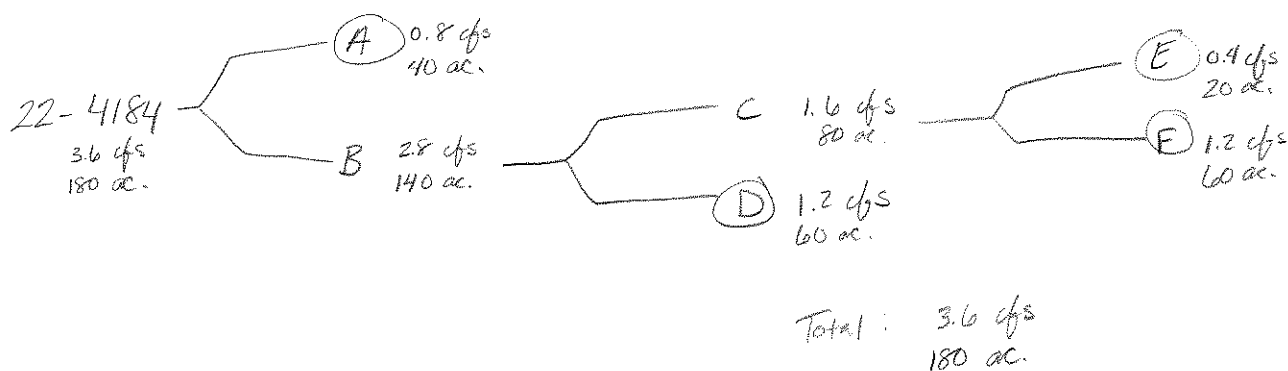

KM

Probably going to have to do a combined use because theoretical does not produce enough water to satisfy 27-2220 and 4184 claims.

Call Grant Ricks

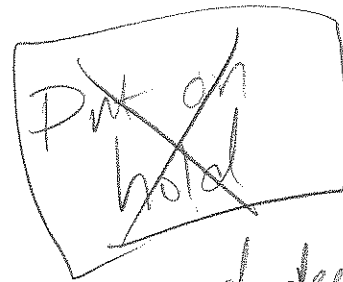

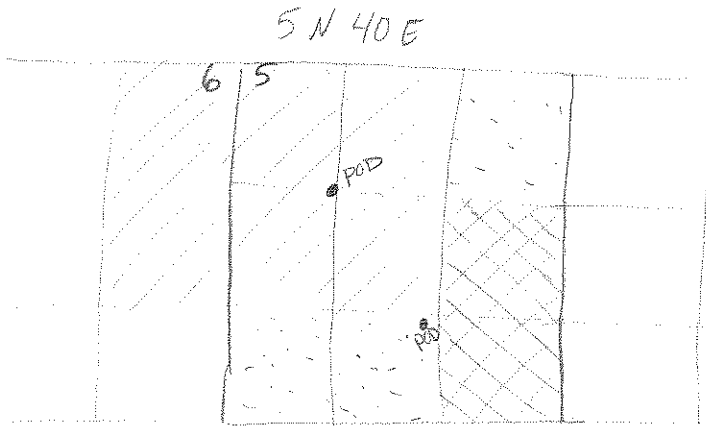

Find out when the upgrade of well system occurred. from 200 Hp to 750 Hp
Did they make any other changes made to system?
