DEPARTMENT OF
WATER RESOURCES

RE SRBA 57-2226

Statement requested by Monica P Van Bussum

This water in question was moved to
Sec 5 from Sec 32 in 1978 when Mud Flat
Canal started water delivery. In 1985
Dad enrolled The ground in C.R.P. It
came out in 1996 after Dad passed away
+ I installed Pivots on this ground.

Hope This is a satisfactory explanation.

Sincerely

Daniel Garbner
