To Whom It May Concern:

For the past 80 years, we have farmed the property below the property previously owned by Merlin Nelson and then sold to Jeff Stiglett. This letter is in reference to water right sub case 35-2019.

In the early 1990's, Ron Inskip Jr. rented this ground from the Nelson's and raised one crop of Barley that was irrigated by water brought through a neighbor's pasture. This type of water usage has been the only means of providing water to this property. They were using water from the Aberdeen Springfield Canal, not from the streams that we and other farmers have water rights on.

Over the last 10 years, the amount of water that comes down the streams has been greatly reduced. If Mr. Stiglett were allowed to obtain water rights and back the water up, he would greatly affect the other water share holders down stream, and adversely affect our ability to sustain acceptable water levels.

Don has been active to follow and keep track of all the water rights in question, since 1953.

For these reasons, we strongly OBJECT to the water right being granted for sub case 35-2019. Please feel free to contact us if you might have any questions concerning this document or our feelings concerning this situation. Thank you for your time and consideration.

Respectfully,

Don and Ruth Adams
