- 10 ☐ **I object because:**
☒ This water right Should not exist.
☐ This water right was not recommended, but Should be recommended with the elements described above.

E. REASONS SUPPORTING OBJECTIONS(S): There has been no lawful appropriation of this right. The description of the source should have been waste water. The waste waters belong to the Boise-Kuna Irrigation District and are not available for private development and appropriation. Further, any attempted development of this right constitutes a trespass against the drains of the Boise-Kuna Irrigation District. The place of use is covered by an existing Boise-Kuna Irrigation District water right, which is the primary water right for the place of use. Proposed wastewater remark does not sufficiently protect original appropriator. Claimant is also unlawfully attempting to transfer waters belonging to the Boise-Kuna Irrigation District to lands outside of the District.
