Re: Conveyance of stockwater

Dear Mr. Stone:

Per our conversation this afternoon, I am sending a map of the claimed place of use (POU) for the Manning Ranches stockwater claim mentioned above. Please have your claimant draw in any ditches and channels where water is conveyed to the stock, including marking any points of diversion. I have included a smaller map showing the area of the two points of diversion in better detail. Please have your claimant identify the two points of diversion and draw any ditches on that map as well. Please mail both maps back to me at this office. All of this information will help us make a more accurate recommendation of the claim.

If you have questions, feel free to contact me at (208) 287-4907.

Respectfully submitted,

Monica P. Van Bussum
Sr. Water Resource Agent
