Mr. Ken Knoblock
Idaho Department of Water Resources
7600 N. Mineral Dr., Suite 100
Coeur D'Alene, ID 83815

Re: Transmittal of Information related to Subcase No. 77-02121.

Dear Ken:

Enclosed for your review are the documents described on Attachment I. The Idaho Department of Fish and Game ordered the patent files from the National Archives, and I have also done some research at the Idaho Historical Society and the State Office of the U.S. Department of the Interior, Bureau of Land Management. I am providing all of the information that I have collected to date. I think the solution would be for the Idaho Department of Fish and Game to amend its notice of claim one more time to reflect this new information. After you have reviewed this information, please give me a phone call. I would like to include Mr. Bromley in the phone conference, as well.

Sincerely,

A handwritten signature in blue ink, reading "David J. Barber".

DAVID J. BARBER
Deputy Attorney General
Natural Resources Division

DJB/ov

ATTACHMENT I

1. Master Title Plats for the following townships: Twp. 24N, Rge. 11E., Twp. 23N, Rge 10E, and Twp. 24N, Rge. 10E. The last township is dated January 4, 1999.
2. Protraction Diagram for Twp, 24N, Rge. 10 E., which was filed on December 16, 1998.
3. Plats of Homestead Entry Survey Nos. 344, 699, and 711.
4. Field Notes of Homestead Entry Survey Nos. 344, 699, and 711.
5. Patents issued to William A. Stonebraker, Phillip G. Beal, and August Hotzel.
6. Serial Register Pages for Serial Nos. 011604, 022890, 017436, and 039266.
7. Excerpt from Sheila D. Reddy, *Wilderness of the Heart*, Heritage Program Payette National Forest, U.S. Department of Agriculture, Intermountain Region (Jan. 1995).
8. Excerpt from Peter Preston, *An Outline of the Cultural History of the Frank Church – River of No Return Wilderness*, Heritage Program, Payette National Forest Service, U.S. Department of Agriculture, Intermountain Region (Nov. 2001).
9. Patent files for William A. Stonebraker, Phillip G. Beal, and August Hotzel.

FIELD NOTES

ADMINISTRATIVE REPORT NO. 4

42-56

OATH OF ASSISTANTS

We hereby certify that we assisted Frank D. Ingham in surveying all those parts of portions of Western Entry Survey No. 344, in the State of Idaho, which are represented in the following field notes as having been surveyed by him and under his direction and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for Idaho.

Edward H. Shook
Charles C. Williams

Subscribed and sworn to before me this 29th day of

September, 1915. Frank D. Ingham
Surveyor General

OATH OF SURVEYOR

I, Frank D. Ingham, Surveyor-General

do solemnly swear that, in strict conformity with the special instructions of the United States Surveyor General for Idaho, dated March 27, 1915, and the laws of the United States, I have well, faithfully, and truly, in my own proper person, surveyed a tract of land embraced in application No. 91, dated April 27, 1915, and in Act No. 498 dated September 27, 1908, and in

Act No. 41903, dated March 22, 1905, for Section 19, under the Act of March 11, 1908, the same to be known as Homestead Entry Survey No. 344, situated within the Idaho National Forest, in unsurveyed Section 19-24, Township 24 N., Range 10 E., and unsurveyed Section 19, Township 24 N., Range 11 E.

of the Boise and Meridian, Idaho, and the related retracements and reentrys and section subdivisions, which are represented in the following field notes as having been surveyed by me; and I further solemnly swear that all the corners of said survey have been established and perpetuated in strict accordance with the stated special instructions, and in the specific manner described in the field notes, and that the following are the original field notes of such survey.

Frank D. Ingham
Surveyor General

Subscribed and sworn to before me this 30th day of November, 1915.

N. A. Reynolds
Notary Public

By Carl E. Ingham
Deputy

HOMESTEAD ENTRY SURVEY NO. 344.

IDAHO NATIONAL FOREST

STATE OF IDAHO.

Claims

G. W. Otterson, applicant for listing, application No. 8, dated September 16, 1908.

M. A. Stonebraker, applicant for listing, application No. 71, dated July 13, 1914, and application No. 91 dated April 27, 1915.

Special Instructions dated March 27, 1915 for H.E.S. No. 344.

Claim situated in unsurveyed Secs. 13-24, T. 24 N., R. 10 E., and unsurveyed Sec. 19, T. 24 N., R. 11 E., Boise Base and Meridian, Idaho.

Authority contained in the Acts of June 11, 1906 and March 4, 1915.

Survey commenced September 27, 1915, and executed with a W. & L. E. Gurley light mountain solar transit, the horizontal limb having two opposite double verniers reading to single minutes of arc, which is also the least count of the latitude and declination arcs. The instrument was thoroughly tested on a standard meridian at Boise, Idaho, September 29, 1915. All measurements, unless otherwise specified, are made with 4 in. steel tape two (2) chains in length. Clinometers are used to determine slope angles and measurements are reduced to true horizontal distances.

I examine the adjustments of the transit and correct all errors; then to test the solar apparatus, by comparing the results of observations on the sun made during A.M. and P.M. hours with a meridian determined by observation of Polaris I proceed as follows:

September 27, 1915, at a point near claimant's house, in latitude 45° 45' N. from my observation, longitude 115° 10' W. from Idaho State map, at 7 h. 08 m. P.M., 1 m.t., I observe Polaris at eastern elongation and mark the point in the line thus determined by a tack

HOMESTEAD ENTRY SURVEY NO. 344.
IDAHO NATIONAL FOREST
STATE OF IDAHO.

Chains

driven in a wooden peg set in the ground, 5 obs.
dlet. from my station.

At same station, September 28, 1915, at 9 h. 00 m. A.M.,
I lay off the azimuth of Polaris $1^{\circ} 37' 30''$ to the
west and mark the meridian thus determined by wooden
stakes firmly set, centered with a tack, 5 obs. dist.
from my station.

At same station, September 28, 1915, at 8 h. 30 m. A.M.,
1 m.t., I set off $1^{\circ} 44' S.$ on the declination arc,
 $45^{\circ} 26' N.$ on the latitude arc, and determine a mer-
idian with the solar. This meridian coincides with
the Polaris meridian within one minute of arc.

At same station, September 29, 1915, I set off $1^{\circ} 46' S.$
on the declination arc, and at apparent noon I ob-
serve the sun on the meridian; the resulting latitude
is $45^{\circ} 26' N.$

At same station, September 29, 1915, at 4:50 P.M., 1 m.t.,
I set off $1^{\circ} 50' S.$ on the declination arc $45^{\circ} 26' N.$
on the latitude arc and determine a meridian with the
solar; this meridian coincides with the Polaris mer-
idian within 50 seconds of arc. I therefore conclude
that my instrument is in adjustment.
Mean Mag. Dec. $19^{\circ} 28' E.$

Establishment of U.S. Location Monument

No. 344.

There being no cor. of the public land survey or other
established monument within two miles, I establish
U. S. Location Monument No. 344, identical with Por-
est Service Monument as follows:

A granite boulder in place, 6 ft. N. and S., 4 ft. E. and

Chains

W. 2 ft. above ground, chained USLM-344 with a
cross (x) on top of boulder.

A pine, 24 ins. dia., bears N. $11^{\circ} 50' E.$, 139 lbs. dist.,
blazed and scribbled x-USLM-344-S.

A granite boulder in place, 4 ft. N. and W., 4 ft. N.
and S., 24 ft. above ground, mtd. USLM-344-SR and a
cross (x) on top, bears S. $60^{\circ} 10' E.$, 49 lbs. dist.
No other witnesses available.

This monument is situated on an open hillside E. 60 obs.
dist. from and 50 ft. above, in a north-west direction,
from the west fork of Chamberlain Creek and about
three-fourths of a mile above the confluence of the
west fork and Chamberlain Creek.

Chamberlain Basin Ranger Station is situated about 1 1/2
mile dlet. in a southerly direction.

I testify the markings for the Forest Service Monument
and its witness.

September 27, 1915.

H. E. S. NO. 344.

Beginning at cor. 1, I set a granite stone, 20 x 12 x 8
ins., 16 lbs. in the ground, for cor. 1, H.E.S. No.
344, mtd. 1-HES-344 on the side facing the claim
with a cross (x) on top and raise a mound of stone,
4 ft. base, 2 ft. high, 24 ft. within the claim.
A pine, 24 ins. dia., bears S. $58^{\circ} 30' E.$, 2.05 lbs.
dlet., blazed and scribbled x-1-HES-344-S.

U.S.L.M. No. 344, heretofore described, being in sight,
bears S. $28^{\circ} 48' E.$, 2.89 obs. dist.

I establish cor. 2 at this place at claimant's suggestion,
from this cor., cor. N-1 of 1st No. 4-E bears S. 8°
 $45' E.$, 1.05 obs. dist., from this cor., cor. N-6 of
1st No. 4-E bears S. $53^{\circ} 00' E.$, 2.83 obs. dist.,

Total Value of Improvements	\$ 1050.00.

Description

This claim is situated in Chamberlain basin about 20 miles in a north-east direction from Edwardsburg, Idaho, which is the nearest Post Office and wagon road.

The greater portion of the claim lies on low gently rolling hills while a portion lies along the west fork of Chamberlain Creek, which flows in a south-east direction through the claim. The soil on the hill land is a deep, light, sandy loam of granitic origin while the bottomland is slightly darker of the same character. 1st rate. There is a small amount of lodgepole pine on the claim which is very small. In my judgment, more timber was excluded in the course of final survey than was included on the unlisted land. The greater portion of the claim is

HOMESTEAD ENTRY SURVEY NO. 344.

IDAHO NATIONAL FOREST

STATE OF IDAHO.

Chains

practically cleared and with a very little work can be cultivated. The land is non-mineral in character. There is about 12 acres of the land included in this claim under cultivation, mostly hay, timothy, alfalfa, and wild grasses; vegetables grown are carrots, beets, onions, cabbage, rutabaga, and turnips. The claim of Warren R. Cook, unswayed, lies about 1 1/2 mile to the SW.

General Remarks

All changes made between the listing surveys and the final survey are made at the suggestion of the claimant, and my authority for enlarging this claim up to 160 acres is based on a letter of A. C. McCain, Assistant District Forester, dated September 1, 1916, and made a part of my instructions. I consider an excellent showing has been made on this claim, especially in the improvements. There is bunch grass range in nearly any direction from this claim.

It being impracticable to take my assistants before an officer qualified to administer oaths, without great inconvenience, delay and expense, I administer myself the required affidavits of the assistants.

September 29, 1916.

Frank B. Johnson
Surveyor,
Forest Service.

Form No. 10. - Revised Feb. 1917.

Directions. - 1. Carry out calculations to two decimal only.

2. In balancing latitudes and Departures do not calculate or change the original figures.

Put the corrected figures or figures above in red ink. Do not change the footing of the original figures, but put below them the corrected footing in red ink.

3. In calculations of latitudes and Departures should be proportional to the lengths of the lines. Surveyors are required to use the Standard Field Tables issued by the G. I. O.

4. Only three copies of this tabulation are necessary, for the District Office, the Surveyor General, and the Commissioner.

The foregoing field notes of a general survey of the
and establishment of U.S. location Vermont No. 144
situated in the Idaho National Forest

Administrative District No. 4

In Secs. 13 and 24, unurveyed, T. 24 N., R. 12 E.
and Sec. 19, unurveyed, T. 24 N., R. 11 E.

of the
Boise Base and Meridian, State of Idaho,
executed by Frank R. Maxwell, Surveyor for West Service
under his special instructions, dated March 27, 1915, and
been critically examined, and the accuracy of the same
made, the said field notes, and the survey they describe, are hereby
approved.

Alvin A. Calkins

I certify that the foregoing summary of the field notes of the
above-described survey is a true and correct copy of the
correctly copied from the original and on file in the office.

parts or portions of Homestead Entry Survey No. 699, in the State of Idaho which are represented in the following field notes as having been surveyed by him and under his direction, and that said survey has been in all respects, to the best of our knowledge and belief, well and faithfully surveyed, and the corner monuments established, according to the instructions furnished by the United States Surveyor General for Idaho

C. A. Martin (Chairman)

John A. Smith

Subscribed and sworn to before me this 6th.

October 1919

Surveyor-General Service

OATH OF SURVEYOR

I, C.A. Martin, Surveyor,

(From Surveyor's File)

do solemnly swear that, in strict conformity with the special instructions of the United States Surveyor General for Idaho, dated Jan. 16, 1919, and the laws of the United States, I have well, faithfully, and truly, in my own proper person, surveyed a tract of land classified as chiefly valuable for agriculture under the Act of Aug. 10, 1912, and a tract of land embraced

in List No. 4-2163, dated April 17, 1917, for listing and patent under the Act of June 11, 1906, the same to be known as Homestead Entry Survey No. 699, National Forest, situated within the Idaho Range 11 E. and Approx unsurveyed Sections 19-20, Township 24 N., Range 11 E. and surveyed Section Township

of the Boise Base and Meridian, Idaho, and the related refinements and re-surveys and section subdivisions, which are represented in the following field notes as having been surveyed by me; and I further solemnly swear that all the corners of said survey have been established and perpetuated in strict accordance with the stated special instructions, and in the specific manner described in the field notes, and that the following are the original field notes of such survey.

C. A. Martin

COMPOSITE SURVEY.

A tract of land classified as chiefly valuable for agriculture, under the Act, of August 10, 1912, and approved by the Secretary of Agriculture on May 20, 1918, and a tract of land applied for by J.M. King, application No. 95, dated October 19, 1916.

No entryman or present claimant.

Special instructions dated January 15, 1919, for H.E.

Survey No. 699.

Claim, situated approximately in unsurveyed Sections 19 and 20, Township 24 North, Range 11 East, of the Boise Base and Meridian, Idaho, in the Idaho National Forest.

Authority contained in the Acts of June 11, 1906, and July 24, 1919.

Survey commenced on September 16, 1919, and executed with a Berger Light Mountain Transit, the horizontal limb having two double verniers, placed opposite each other, and reading to single minutes of the arc.

Measurement made with a Lalle 5-chain steel tape, directly on the slope, and corrected to the horizontal by means of clinometer angles. I examine the adjustments of the transit, finding all adjustments correct.

LATITUDE DETERMINATION.

October 6, 1919; at O h. 36. b m. A.M., l.m.t., at Cor. No. 4 of H.B.S. No. 344 (accepted), I observe the altitude of Polaris at upper culmination for latitude.
Longitude = 116° 11' W., from forest diagram.
Observed altitude = 46° 31' 30"

HOMESTEAD ENTRY SURVEY NO. 699

Idaho NATIONAL FOREST

STATE OF Idaho

2

Chains

From this observation I calculate the latitude of my station as $45^{\circ} 23' 09.8''$ N.

MERIDIAN DETERMINATION.
Observation 1.

September 16, 1919; at Cor. No. 4 of H.E.S. No. 344

(accepted), at 6 h. 14 m., P.M. I observe Polaris in position and mark the line of sight by a stake, firmly set, centered with a tool, 6.00 obs. dist., from my station.

Latitude and longitude previously stated.

U.C. Polaris, Sept. 17, 1919 - - - 1 h. 53.0 m., A.M.

Longitude correction - - - - - 01.3 m.

L.m.t. U.C. Polaris - - - - - 1 h. 51.7 m., A.M.

L.m.t. obsn., Sept. 16, 1919 - - - 6 h. 14 m., P.M.

Subtract from - - - - - 12 h.

Time to midnight - - - - - 5 h. 46 m.

Add - - - - - 1 h. 51.7 m.

Argument - - - - - 7 h. 37.7 m.

Azimuth of Polaris and bearing of reference stake -

N. $1^{\circ} 26' 46''$ E.

Observation 2

October 3, 1919: At Cor. No. 4 of H.E.S. No. 344

(accepted), at 6 h. 40 m., P.M., I.m.t., I

foresight on the azimuth stake set during my observation on Polaris, September 16, 1919, and recorded above, and commence to observe the Eastern progress of Polaris. When the star begins to recede I read a maximum angle of $3^{\circ} 08'$ to the right

Latitude and longitude previously stated.

Azimuth of Polaris = N. $1^{\circ} 36' 16''$ E.

Bearing of reference stake = N. $1^{\circ} 28' 16''$ E.

The mean of these two observations is N. $1^{\circ} 27' 30''$ E.

HOMESTEAD ENTRY SURVEY NO. 699

DESCRIPTION

This claim lies on bottom land along the West Fork of Chamberlain creek, about 45 acres of the land is suitable for cultivation, having a sandy loam soil. The balance is rocky sidehill land, covered with a fair stand of lodge-pole pine timber. The timber on this claim is without value, except for fuel and firm building purposes. No cultivation. No mineral or indications of mineral found on this claim. List No. 4-2178 and which will be H.E.S. No. 702 (unapproved), when surveyed, adjoins this claim on the north. H.E.S. No. 689 (approved), when surveyed, will adjoin this claim on the south. H.E.S. No. 344 (accepted), adjoins this claim on the south. Warren, Idaho, the nearest postoffice, lies about 45 miles, by trail, to the SW. McCall, Idaho, the nearest railroad point, lies about 90 miles, by trail and road, to the SW.

2. In balancing Latitudes and Departures do not obliterate or change the original figures. *Do not change the footing of the original figures, but put below them the corrected footing in red ink.*

Put the corrected figure or figures above in red ink. Do not change the looking in the
The corrections for balancing fallings should be proportional to the lengths of the lines.

The corrections for balancing fallings should be proportional to the lengths of the lines.

The corrections for balancing fallings should be proportional to the lengths of the lines.

3. In calculations of fallings take result to nearest link. In calculations of N. and S. cross drop all after second decimal.

4. Only three copies of this tabulation are necessary, for the District Office, the Surveyor General, and the Commissioner.

TABLING AND CALCULATIONS OF HOMESTEAD ENTRY SURVEY NO.....699

B-2

APPROVAL

Office of the United States Surveyor General,

Boise, Idaho, Aug. 18, 1920, 191

The foregoing field notes of Homestead Entry Survey No. 699

Situated in the Idaho National Forest,

Administrative District No. 4,

Approximately in sections 19, 20, unsurveyed,

Township 24 North, Range 11 East, of the

Boise Base and Meridian,

State of Idaho,

executed by C. A. Martin, Surveyor

under his special instructions, dated Jan. 16, 1919, 191, having

been critically examined, and the necessary corrections and explanations

made, the said field notes, and the surveys they describe, are hereby

approved.

Edward H. Martin
U. S. Surveyor General.

I certify that the foregoing transcript of the field notes of the
above-described survey in the State of _____, has been
correctly copied from the original notes on file in this office.

U. S. Surveyor General.

HOMESTEAD ENTRY SURVEY NO. 702
Idaho NATIONAL FOREST
STATE OF Idaho.

Chains

When surveyed.

Ascend, through lodge pole pine timber.

.99 Trail bears NW. and SE.

1.86 About 10 ft. above Cor. No. 1

Over level land.

21.99 To Cor. No. 2. Identical with Cor. No. 4 of H.E.S. No.

699 (unapproved), which is a granite stone,

firmly set, showing 10 x 10 x 12 ins. above

ground, mkt. 4-HS-699 on the north face, and

a cross (+) on the top, and witnessed by pits

and mound of earth, and by two bearing trees.

I take the cross (+) on this stone for chaining

and angle point for Cor. No. 2 of this survey;

and in addition mkt. it 8-HS-702 on the SE.

face. Dig pits, 24 x 24 x 12 ins., crosswise

on this and the succeeding course, 7 ft. dist.,

and raise a mound of earth, 4 ft. base, 2 ft.

high, 3 ft. dist., within the claim.

A lodge pole pine tree, 6 ins. in dia., biased and

scribed + 8-HS-702, bears S. 64° 38' E., 173

lks. dist.

No other bearing objects available.

Cor. No. 2 of the listing survey and its witnesses

were destroyed during the survey of H.E.S. No.

699 (unapproved), and Cor. No. 4 of that survey

set in its place.

This cor. will be identical with Cor. No. 2 of H.E.S.

No. 699 (unapproved), when surveyed.

Chenue

S. 88° 48' E.

Along the S. bdy. of H.E.S. No. 699 (unapproved).

Over level bench land, through dense immature lodge

pole pine.

HOMESTEAD ENTRY SURVEY NO. 702
Idaho NATIONAL FOREST
STATE OF Idaho.

Chains

Chamberlain trail, bears NE. and SW.

9.49 Descend

11.14 Leave timber, enter grass land, bears N. and S.

16.92 Rough north bank of Chamberlain creek, course SE.,

about 30 ft. below point of descent. Over level

land.

21.16 Along north bank of Chamberlain creek, course E.

23.45 Leave N. bank of Chamberlain creek, course SE.

25.66 Ascend.

27.66 Chamberlain trail bears NW. and SE.

33.44 Ridge bears N. and S. about 30 ft. above point of

descent.

Leave grass land and enter timber, bears N. and S.

Descent.

33.34 About 36 ft. below point of descent.

Over level land.

37.64 Leave timber, enter grassland, bears N. and S.

39.14 West bank of Chamberlain creek, 1 ft. deep, 173

39.60 East bank of Chamberlain creek.

40.34 Trail bears NW. and SE.

Ascend.

42.94 To Cor. No. 3, about 40 ft. above point of ascent.

Identical with Cor. No. 3 of H.E.S. No. 699

(unapproved), which is a granite rock, in place,

2 x 2 ft. showing 1 ft. above ground; mkt.

3-HS-699 on the NW. face, and a cross (+) on

the top. I take this cross (+) for chaining

and angle point for Cor. No. 3 of this survey,

and in addition mkt. the rock 3-HS-702 on the

SW. face; and raise a mound of stone, 4 ft.

base, 2 ft. high, 3 ft. dist., within the

claim

A lodge pole pine tree, 24 ins. in dia., bears S. 73°

081 E., 147 lks. dist.

HOMESTEAD ENTRY SURVEY NO. 702
Idaho NATIONAL FOREST
STATE OF Idaho

6

Chains

A lodge pole pine tree, 14 ins. in dia., bears S. 28° 12' W., 144 lks. dist.
Both trees blazed and scribed, +3-EES-702-BE.
This Cor. is also identical with Cor. No. 1 of the listing survey which was destroyed during the survey of E.E.S. No. 699 (unapproved), and Cor. No. 3 of that survey set in its place.

Thence
S. 45° 30' E.

Leave list No. 4-2172, enter unlisted land.
Descend bare south slope.

2.60 Enter willow brush, bears N. and S.

6.20 Dry wash, course S., about 20 ft. below Cor. No. 3

Ascend.

9.27 About 40 ft. above dry wash.

Descend.

20.00 Chamberlain Basin trail bears E. and W.

23.05 North bank of Chamberlain creek, 1 ft. deep, course E., about 60 ft. below point of descent.

23.68 South bank of Chamberlain creek.

Ascend.

27.85 To Cor. No. 4, about 55 ft. above Chamberlain creek, for which I mkd. a granite outcrop, showing

15 x 10 x 4 ft. above ground, 4-EES-702, and

a cross (+) on the top for Cor. No. 4 of this

survey, and raise a mound of stone, 4 ft. base,

2 ft. high, 3 1/2 ft. dist., within the claim.

A granite rock, in place, 20 x 8 ft., showing 8 ft.

above ground, bears S. 89° 00' W., 16 lks. dist.

A granite rock, in place, 10 x 8 ft., showing 6 ft.

above ground, bears N. 85° 39' W. 24 lks. dist.

Both rocks mkd. +4-EES-702-BE.

September 20, 1919.

HOMESTEAD ENTRY SURVEY NO. 702
Idaho NATIONAL FOREST
STATE OF Idaho

7

Chains

Thence
S. 82° 00' W.

Descend through dense willow brush.

6.76 About 10 ft. below Cor. No. 4.

Ascend.

13.46 Ridge bears N. and S., about 35 ft. above point of ascent.

Over level land.

17.03 Ascend, leave willows, enter heavy lodge pole timber, bears NW. and SE.

22.63 Ridge bears N. and S., about 30 ft. above point of ascent.

Descend.

24.50 Creek, 1 lk. wide; 1 in. deep, about 120 ft. below ridge, flows N.

Ascend.

35.98 Ridge bears N. and S., about 75 ft. above creek.

Descend.

39.04 Dry wash, course N., about 70 ft. below place.

Ascend.

42.30 Ridge bears N. and S., about 40 ft. above dry wash.

Descend.

47.04 Dry wash, course NE, about 50 ft. below point of descent.

Ascend

To Cor. No. 5, about 20 ft. above dry wash, a point on line, between Cors. Nos. 4 and 5 of the listing survey; for which I set a quartzite stone,

24 x 6 x 6 ins., 14 ins. in the ground, over a

granite stone, 4 x 4 x 4 ins., mkd. with a

cross (+) for Cor. No. 5 of this survey; mkd.

+B-EES-702 on the side facing the claim, and a

cross (+) on the top; and raise a mound of earth.

HOMESTEAD ENTRY SURVEY NO. 689

Idaho NATIONAL FOREST

Chains

U.C. Polaris, Sept. 17, 1919 - - - - - 1 h. 53.0 m. A.M.

Longitude correction - - - - - 01.3 m.

L.M.T., U.C. Polaris - - - - - 1 h. 51.7 m. A.M.

L.M.T., obsn. Sept. 16, 1919 - - - - - 6 h. 14 m. P.M.

Subtract from - - - - - 12 h.

Time to midnight - - - - - 5 h. 46 m.

Add - - - - - 1 h. 51.7 m.

Argument - - - - - 7 h. 37.7 m.

Azimuth of Polaris and bearing of reference stake =

N. 1° 26' 45" E.

I project the corresponding meridian to Cor. No. 1 of this survey, and determine a bearing of S. 15° 00' W., for line Cor. No. 1 to Cor. No. 9, and to the corresponding meridian all courses of this survey are referred.

Observation 2.

September 19, 1919; at Cor. No. 1 of this survey, at

7 h. 00 m. P.M., L.M.T., I foresight on Cor. No.

9 of this survey and turn 166° 34' to the right

to Polaris in position.

Latitude = 46° 22' 53" N. } By account from H.E.S.

Longitude = 116° 10' W. } No. 699 (approved).

U.C. Polaris, Sept. 20, 1919 - - - - - 1 h. 41.3 m. A.M.

Longitude correction - - - - - 01.3 m.

L.M.T., U.C. Polaris - - - - - 1 h. 40 m. A.M.

L.M.T., obsn. Sept. 19, 1919 - - - - - 7 h. 00 m. P.M.

Subtract from - - - - - 12 h.

Time to midnight - - - - - 5 h. 00 m.

Add - - - - - 1 h. 40 m.

Argument - - - - - 6 h. 40 m.

Azimuth of Polaris = N. 1° 34' 30" E.

Bearing of line Cor. 1 - Cor. 9 = S. 15° 00' 30" W.

The bearing thus determined agrees within 50' of arc

3

Chains

with the bearing of the same line, as determined by projection from the meridian established by me on September 16, 1919, at Cor. No. 9 of H.E.S. No. 344 (accepted), and described above.

Therefore, conclude that my meridian is correct.

Mean Magnetic Declination = 21° 40' E.

Description

Beginning at Cor. No. 5 of H.E.S. No. 699 (approved), which is a lodge pole pine post, firmly set, 6 ins. square, showing 12 ins. above ground, and 5-ESS-699 on the N.E. face, and a cross (+) on the top, and witnessed by a mound of earth and by two bearing trees. Cor. No. 4 of H.E.S. No. 699 (approved) being in sight.

Thence

S. 88° 42' E.

On a true line, along the S. boundary of H.E.S. No. 699 (approved).

Set temporary stake for Cor. No. 1 of this survey.

To Cor. No. 4 of H.E.S. No. 699 (approved), which is a

granite stone, firmly set, showing 1' x 10' x 10' ins. above ground, mtd. 4-ESS-699 on the N. face, and a cross (+) on the top, and witnessed by a mound of earth, and by two bearing trees.

Beginning at Cor. No. 1 of this survey, previously mtd. by temporary stake on line between Cor. 4 and 5 of H.E.S. No. 699 (approved), in place of which I set a lodge pole pine post, 36 ins. long 6 ins. square, 24 ins. in the ground, over a granite stone, 6' x 6' x 6' ins., mtd. with a cross

HOMESTEAD ENTRY SURVEY NO. 689
Idaho NATIONAL FOREST
